

Windham Mountain Owners Association Voting Rights

Our second homes comprise most of the tax base in Windham, but decisions made by local government are made largely without your input or real consideration of your interests. Please have a voice here - registering to vote in Windham is easy to do and you don't have to change your primary residency. The first step is to complete the Voter Registration Form to change your voting address. If you will not be in Windham on Election Day or during the early voting period, you should also complete the Absentee Ballot Application and once the ballots are printed you can request that they be sent to your Non-Windham address. Once completed the forms should be mailed to:

**Greene County Board of Elections
411 Main Street
Catskill, NY 12414**
